

# SUMO INSTRUMENTS

---

**Manufacturer & exporters of Shunts & Cathodic Protection Allied Products**

**SINCE 1996**

**SUCCESSFUL JOURNEY OF 20 YEARS!!!**

# Sumo Make D.C. Shunts

- SUMO shunts are designed and manufactured to give optimum reliability in arduous conditions.
- We provide ratings from 1A up to 15000A with 50mV to 300mV output.
- Features that make us more reliable:
  - Highest quality materials, rugged designed and advanced manufacturing techniques which gives long term stability to our products
  - In-line Bus-bar mounting
  - Shock and vibration tested
  - Low temperature Co-efficient

## SUMO- MAKE SHUNTS

We provide ratings from 1A up to 15000A with 50mV to 300mV output.

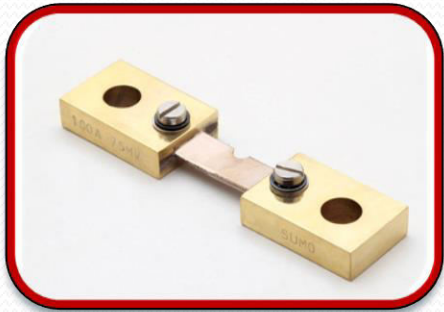

*We also provide customized solutions.*

# SUMO Made Range Of Shunts

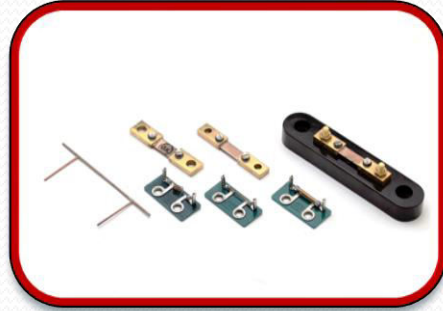

## **BRASS ENDED**

Brass ended shunts are heavy-duty type shunts and provide an accurate D.C. millivolts signal suitable for Ammeter indicators, control devices and overload protection circuits

## **WIRE ENDED**

Wire ended shunts are eco-friendly range of shunts manufactured to class 1.5.

## **CATHODIC PROTECTION SYSTEMS**

Our range of shunts is specially designed to use in Cathodic protection

## **BASE MOUNTED**

The base mounted shunts give the additional mechanical strength required for many applications while facilitating easy mounting.

## **PCB MOUNTED**

PCB mounting shunts are designed and manufactured as per the client's specification, for UPS systems applications.

For more details please visit at [www.sumoinstruments.com](http://www.sumoinstruments.com)

## Cathodic Protection – Allied Products

*Our Cathodic Protection Allied Products are used in manufacturing of products which are **Saudi Aramco** approved and best suited for many industrial applications.*

For more details please visit at [www.sumoinstruments.com](http://www.sumoinstruments.com)

# Cathodic Protection Allied Products

## CATCHES AND CATCH PLATE

We use best quality material of Stainless Steel SS316L. Our high quality locking device is mainly used in Cathodic protection junction box & its simple in installation & use. We also develop customized products as per client's specification

## ADJUSTABLE DRAW LATCH

Made up of Stainless Steel SS304 and SS316L. These are highly suitable for Oil tanks, Automotive, Trucks, Construction Equipment, Off-Highway Vehicles, Farm Equipment, Food Equipment, HVAC, Industrial Machinery, Machine Tools, Metal Cutting, Lawn/Garden Equipment

## CONTINUOUS HINGES

We provide Hinges in Stainless Steel SS316L and Aluminium material with Standard Length of 1 M & 1.8 M, whereas Standard Thickness of 1.5 mm. Our Hinges are corrosion resistant and gives tensile strength. It has wide industry application and best suited for Cathodic Protection Junction Boxes.

## BATTERY CHARGING CLIPS

Our BATTERY CHARGING CLIPS are available in Copper material with Current Carrying Capacity up to 40 Amp. It is used in Cathodic protection equipment and gives strong hold, durability and easy to fit.

## CPS TEST STATION

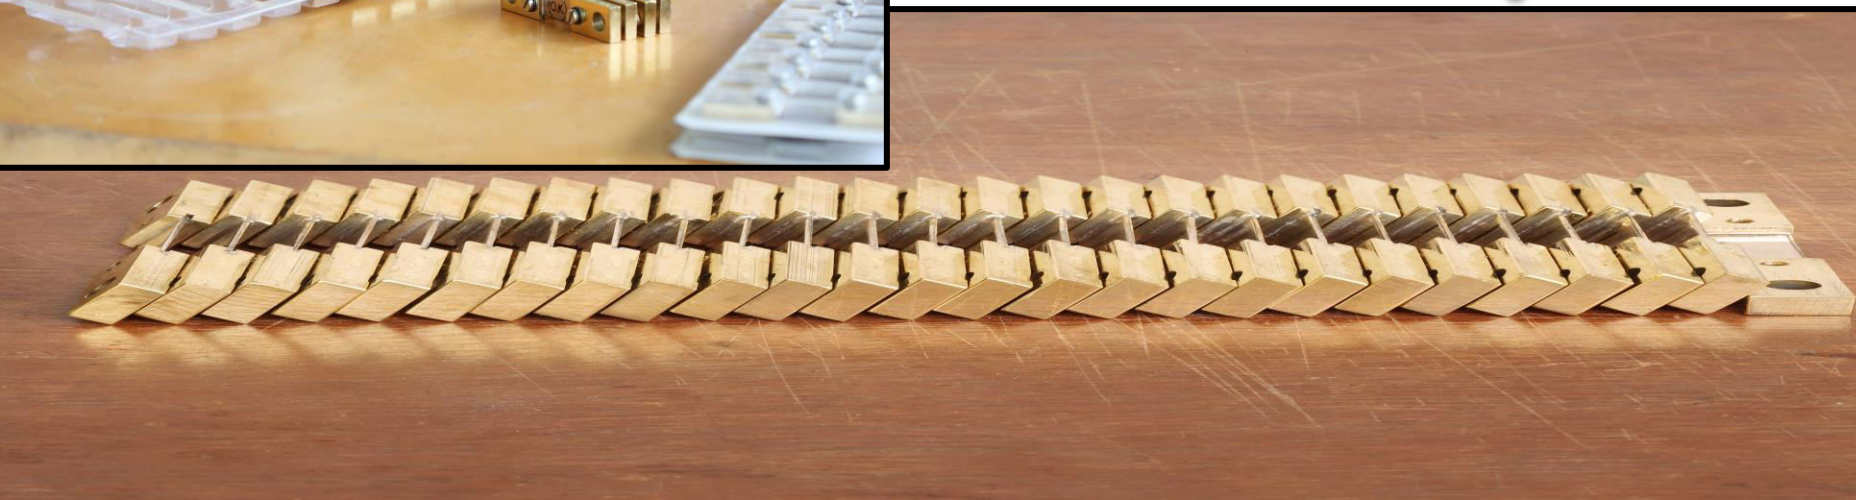

### Material Used

Cover & Ring :PC, UV grade, Terminal Plate: ABS FR Grade. Successfully tested product on field, high strength, maintenance free terminal for monitoring electric currents and potentials. It can withstand in the extreme hot temperature of Arabian countries and gives resistance against rains and humid climate.

## OUR QUALITY POLICY

WE, AT M/S SUMO INSTRUMENTS, BELIEVE THAT QUALITY IS THE CONCEPT THAT MUST BE INCORPORATED AT EACH LEVEL WITHIN THE ORGANISATION. WE PLEDGE A COMMITMENT TO EXCELLENCE BASED UPON A PHILOSOPHY OF INTEGRITY, KNOWLEDGE, LEADERSHIP, TEAMWORK AND PERSONALISED SERVICES. THE OBJECTIVE OF OUR QUALITY ASSURANCE POLICY IS TO ENSURE THAT OUR PRODUCTS AND SERVICES IN ALL RESPECTS MEET THE QUALITY STANDARDS AT THE RIGHT TIME, AT COMPETITIVE PRICE AND THE BEST QUALITY PRODUCTS AND THEREBY ENHANCE THE SATISFACTION OF OUR VALUED CUSTOMERS.

AT M/S. SUMO INSTRUMENTS, OUR ALL THE DEPARTMENTS ARE COMMITTED TO ENHANCE CUSTOMER SATISFACTION THROUGH TIMELY DELIVERY OF DEFECT FREE PRODUCTS. WE BELIEVE IN:

- PRODUCTS INNOVATION & BEST MANAGEMENT PRACTICES
- CONTINUAL IMPROVEMENT
- DEDICATED EFFORTS & TEAMWORK
